

Distribution Pump Skid

Overview:

- Built to the exacting standards of the pharmaceutical industry and cGMP requirements.
- Wide range of sizes and options available to fit your unique requirements.
- All components manufactured by MECO in the U.S. using the most advanced methods for design and fabrication.
- Supported by MECO 24-hour customer service.
- Backed by warranty.

Product Highlights:

• Superior Design

- Meets/exceeds cGMP/USP standards
 - Sanitary construction and connections
 - Double tubesheet heat exchangers
 - Sloped piping and low point drains
 - Minimum deadlegs
- Skid mounted, prepiped, prewired components
 - Reduces installation costs and time
 - Allows complete FAT
 - Improved accessibility
- Efficient component layout
 - Ease of maintenance
 - Ease of loop tie-in
 - Improved accessibility

• Superior Control

- PLC based control system
- PID loop control of loop flow / pressure via variable frequency drive on loop pumps

• Design Details

- 25 Ra standard process contact surfaces
- Galvanized rigid steel conduit
- Stainless Steel Airlines
- Mirror finish stainless steel cladding
